Program	Major	Intake	Number of students enroll	Number of students graduate in time	Number of students quit	Number of students suspension	Number of students graduate late	Total graduation (in time + late)	Graduation rate (%)
POHE Program	POHE Tourism Management	57 (2015-2019)	17	13	0	2	2	15	88.24
		58 (2016-2020)	28	20	3	1	4	24	85.71
		59 (2017-2021)	54	12	5	4	2	14	25.93
		60 (2018-2022)	50	30	3	5	4	34	68.00
		61 (2019-2023)	43	23	4	1		23	53.49
		62 (2020-2024)	13			1			
		63 (2021-2025)	20			1			
		64 (2022-2026)	35						

The above table shows the number of students of School of Advanced Education Programs enrolling and graduating from the 2015-2019 to intake 2022-2026. In general, the number of students has increased, excepted some majors such as Hospitality Management and Tourism Management. The reason is the Covid epidemic appeared since 2020, causing difficulties for the tourism industry and a decrease in recruitment demand. In contrast, the demand for finance, investment and marketing has exploded because of the economic recovery after the pandemic.

From intake 2017-2021, students must meet the output standards equivalent to IELTS 6.5 for Advanced programs and IELTS 6.0 for Excellent programs and POHE programs to be considered for graduation. This regulation aims to improve the foreign language proficiency of students to meet the needs of international integration. As a result, there is a slight decrease in the graduation rate because the certificate verification process with the Ielts certification organization takes a long time. AEP will continue to improve processes to increase on-time graduation rates.
